

## Treemenda™ Tea Tree Conditioner

*Nature's Harmony® Treemenda™ Tea Tree Conditioner is a premium hair product ideal for frequent use as the natural ingredients do not leave a chemical residue in the hair.*

PRODUCT CODE: 725211

### DESCRIPTION:

Nature's Harmony® Treemenda™ is a line of quality, naturally sourced Australian tea tree oil products manufactured in Canada. It is 100% pure and natural and one of nature's best antiseptics. This conditioner is suitable for all hair types.

Tea tree oil is the essential oil steam-distilled from the Australian plant *Melaleuca alternifolia*. Melaleuca, which means black and white (believed to be a reference to the appearance of the tree bark shortly after a bushfire), has been used for centuries by Australian Aboriginals.

The Aboriginals discovered that the essential oil from the leaves of the tea tree provided a natural cure for a wide variety of ailments.

### HOW IT WORKS:

Nature's Harmony® Treemenda™ Tea Tree Conditioner removes build up in dull and lifeless hair. Natural conditioning agents found in tea tree oil repair and protect the hair, leaving it softer, shinier and more manageable.

**Directions:** After shampooing with Nature's Harmony® Tea Tree Oil Shampoo, rinse well. Gently massage sufficient conditioner into hair and scalp, working it through to the tips of the hair. Leave on for 1 to 2 minutes. Rinse thoroughly with warm water.

### RESEARCH:

Unique to Australia, tea tree oil is one of the most researched and scientifically proven therapeutic oils known today. Results of various scientific studies have shown that tea tree oil is twelve times stronger than phenol, a universal antiseptic substance. Yet this potent oil is a safe, non-toxic and completely natural antiseptic that is gentle to the skin.

### SIDE EFFECTS:

Nature's Harmony® Treemenda™ Tea Tree products are formulated to have low toxicity and to be virtually non-irritating.

### INTERACTIONS AND SAFETY CONSIDERATIONS:

Tea Tree Conditioner should not be consumed orally. If conditioner gets into the eyes, gently rinse with cold water.

### OTHER CONSIDERATIONS:

Nature's Harmony® Treemenda™ Tea Tree Conditioner is not tested on animals and does not contain any animal products.
